

ENVIRONMENT, HEALTH & SAFETY

Accident prevention is the cornerstone of our safety program. We will continuously strive to exhibit safe behavior and eliminate hazards that could result in personal injury or illness. At Brand Energy & Infrastructure Services, we hold an uncompromising commitment to safety, health and protection of the environment.

Our Senior Management Team and Employees are committed to:

- Providing a safe work environment to protect our employees, the employees of our customers and subcontractors, and the public.
- Supplying safe products and services to our customers.
- Continuously improving our Safety Program to reduce the risk of accidents and occupational illness in a changing work environment.
- Requiring our employees to participate in accident prevention programs and encouraging them to take personal responsibility for their own and their co-worker's health and safety.
- Providing the training, equipment and procedures necessary to enable regulatory compliance and contribute to higher safety standards for our customers and our industry.
- Monitoring our workplaces and human performance, enforcing safe work practices and behaviors, and communicating our safety performance to employees and other stakeholders.
- Maintaining our status as a forward-looking leader in safety management.
- Making safety a value-added service that we provide to our customers.
